

# West Virginia Animal Rabies Surveillance Report

## JANUARY 1 – NOVEMBER 14, 2023

The purpose of this report is to share descriptive surveillance data related to animal rabies activity with public health partners in West Virginia. All information in this report is considered provisional. For questions or comments, please contact either Michael Abshire, Kim Dailey, or Eric Dotseth at (304) 558-5358 or by email.

### Office of Laboratory Services (OLS) and United States Department of Agriculture (USDA) Data:

During the period of January 1 to November 14, 2023, 33 animals tested positive for rabies at OLS and 9 (all raccoons) tested rabies positive at USDA (Tables 1 and 2). The USDA data is only complete up to September 30, 2023. We also have 2 positive whitetail deer (one each from Hampshire and Jefferson) sent by WVDNR.
